

PRODUCT OVERVIEW

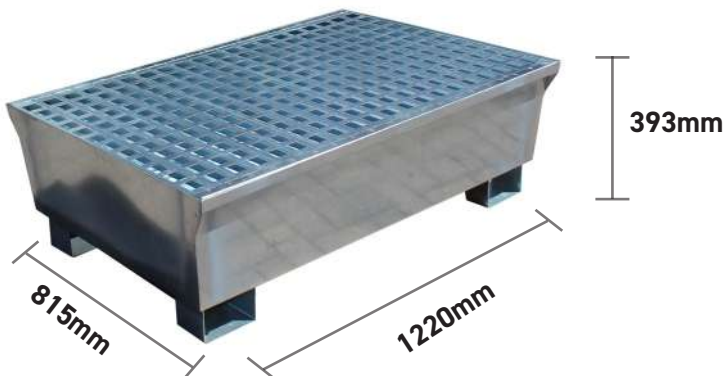

Manufactured from structural grade galvanised steel this spill pallet is designed to accommodate 2 x 205ltr drums and has a sump that complies with the 110% rule on sump capacities.

The unit is fitted with four galvanised legs to ensure the underside of the sump is not in contact with the ground and aid movement/positioning by pallet truck or fork lift truck.

-  **Structural grade galvanised steel**
-  **UK sump regulations compliant**
